

VACUFLO True Cyclonic Power Units provide sustained cleaning power by separating the dirt from the airflow without the use of bags or filters! The powerful cleaning performance of the VACUFLO True Cyclonic will not decrease as dirt accumulates.

Experience the ultimate in whole-house cleaning convenience, indoor air quality benefits and value with VACUFLO®, the VACUFLO System works by transporting dirt, debris and dust through a simple network of tubing that runs through the walls of your home to a main power unit, usually located in a garage, basement or utility area.

- ◆ No bags or filters to replace.
- ◆ Eliminates 100% of vacuumed dirt, dust and allergens from your home.
- ◆ Clear, comfort-grip dirt canister is easy to handle.
- ◆ Powerful, high-performance motor delivers reliable, lasting performance.
- ◆ Whole-house cleaning versatility designed to clean all interior surfaces - hard surface flooring, carpet, rugs, walls and upholstery.

Today's environmentally conscious homeowners are demanding and getting improved energy efficiency, better indoor air quality and smarter use of building materials. These "green" building initiatives not only protect the environment, but also improve comfort and boost home value.

Model	Recommended Home Size (Sq. Ft.)	Sealed Vacuum (H2O) lift)	CFM Max	Max Air Watts	Volts	Max/Avg Amps	Collection Capacity (gallons)	Level of Quietness (decibels)
466Q Quiet Performance	Up to 5,000	121"	114	477	120	14.9/11.6	6	59.7 dBA
